

PASTOR *Belinda Thomas*

...is the Founder and Pastor of Be Restored Worship Center in Lithia Springs, Georgia. For over 25 years, she faithfully served in her home church as associate minister of worship, outreach coordinator, ministry leader, licensed evangelist, ordained elder, and in various other capacities.

In January 2009, she and her husband, Pastor Walter Thomas, stepped out by faith on the Word of God and accepted the call to pastor. Together, with God's favor and anointing on their ministry, they are impacting lives of countless people whether shepherding the flock at Be Restored Worship Center, serving in the local community or homeless shelters, ministering at conferences, or sharing with people around the world.

Pastor Belinda is an insightful visionary determined to lead God's people into total restoration by His awesome power, Kingdom strategies and redeeming love. Her assignment is to encourage individual and corporate growth in the Kingdom of God through prayer, worship, biblical teaching, coaching, and service to others.

Without compromising the message of Jesus Christ, she ministers from the heart of God to bring transformation and reconciliation without condemnation. In addition to teaching and preaching the Word of God, she is passionate about being connected to God and maintaining a lifestyle of worship, praise and consecration.
